CARRANZAMAY INSIST ON THE U.S. TROOPS LEAVING ATTITUDE CHANGED BY EXTREMISTS IN HIS CABINET

ORIGINAL ORDER OF GEN. TREVINO LIKELY TO BE REITERATED BY CHIEF

United States Prepared For Eventualities and Beginning to Censor News, With the Idea of Preventing the Enemy From Keeping Posted on Troop Movements --Supplies Captured at Carrizal Are Turned Over to General Bell.

(By Associated Press.)
WASHINGTON, June 30.—Private advices are reaching here from reliable sources in Mexico City saying that Carranza and his advisers are determined to uphold the orders of Trevino to attack American troops in Mexico moving in any direction except toward the border. That there is no way seen to a break with the United States. One faction of the cabinet is said to be urging a

defiant stand and wanted to include in the Mexican reply a new demand for the immediate withdrawal of American troops.

(By Associated Press.)
EL PASO, June 30.—Military supplies and loot of the Carrizal fight arrived at Juarez today and was returned to Gen. Bell. This consisted of 27 horses, 53 rifles, several pistols

and several thousand cartridges and other equipment.

The negro troopers still in the hospital at Fort Bliss corroborated reports that the number of Mexican dead was much larger than reported. All but a few of the Americans killed were buried in Carrizal cemetery, the army officers were informed, including Capt. Boyd and Lieut. Adair. It is learned that the Carranzista casualties were 26 killed and 40 wounded.

Text of Carranza Reply As Sent to Washington

(By Associated Press.)
MEXICO CITY, June 30.—The foreign office issued a note this afternoon in reply to Secy. Lansing's recent note, in which the correctness of many of Lansing's assertions is repeatedly denied.

It declares the United States has no right to maintain an armed force on Mexican soil.

Although the note is in form of a direct reply it is considered equivalent to an answer to the Washington note. It expresses surprise that

Washington had been pained by the tone of the contents of the Carranza document, since it maintains the United States sent the constitutionalist government a discourteous and even an overbearing note.

The reply denies emphatically that the Mexican government protected bandits committing depredations in the United States and denies Washington to produce proof of that assertion. Blame for the Santa Ysabel massacre is placed on the so-called

impulsive, irascible disposition of Charles Watson, manager of the Cushturichio company.

Funston and Scott are accused of bad faith, lack of honor and misleading by Oregon in an alleged evasive reply regarding the crossing of American troops after the Glenn Springs raid and concludes by declaring the presence of American troops invites rather than prevents raids along the border.

NEVADA MILITIA EXISTS ON PAPER

A wire received in Tonopah this forenoon by Lieut. Howard Riddle, of the Nevada National Guard, recalls the fact that this state in 1913 was favored with a military organization consisting of four companies, which were regarded as the nucleus of a regiment of infantry to be completed as fast as the recruiting officers could dispatch the business.

This all happened in 1913 when Companies A and B were enrolled in Reno; Company C at Fallon and Company D at Lovelock. The members were mustered in and took the oath prescribed by the national guard act. It was understood they were to be rewarded by the state paying armory rent and other allowances. Somehow or another the matter never got any further; the boys attended a few drills, but there was no call for their help, so in course of time most of the enlisted men moved off to other quarters and the guard languished until it was forgotten. When Col. Maurice J. Sullivan began investigating military conditions in the state he ran across the roster of the old guard and instantly started tracers after the officers. Capt. Connell, commanding Company D, was found and through him a wire was dispatched to Tonopah in search of Lieut. Riddle. Company D of Lovelock, asking Lieut. Riddle to report to him.

REFUGEES ARRIVING FROM WEST COAST

(By Associated Press.)
SAN FRANCISCO, June 30.—Twenty-nine American refugees from Colima, Guadalajara, including women and children, arrived on the steamer Peru, having been taken aboard at Manzanillo. One man was 90 years old.

FRENCH BURNED UP BY SHELLS

GERMANS SECURE A FOOTING AND ARE DISLOBBED BY A FIERCE COUNTER-ATTACK

(By Associated Press.)
PARIS, June 30.—Germans captured a French fortified work of the first line trenches and a portion of hill No. 304, of the Verdun sector, in a terrific attack. The garrison was literally burning under a storm of shells. The position was recaptured after a brilliant counter-attack, according to an official report.

The Germans also delivered a powerful attack on the French position at Avocourt, but all efforts, it is declared, were checked with heavy losses.

DIVORCE IN CUBA IS NOT POPULAR

LITTLE REPUBLIC WANTS TO JOIN THE RANKS OF PROGRESSIVE NATIONS

(By Associated Press.)
HAVANA, June 30.—Among important pieces of legislation now engaging the attention of the Cuban congress are bills legalizing divorce and giving to married women the control of their own property. It appears questionable whether there is any very strong demand for the passage of the former law and it is said that many of the best Cuban women are opposed to the institution of divorce as being contrary to the tenets of their religion and repugnant to the traditions of Cuban society. The other bill has strong feminine support, but it is felt that, owing to absorption of interest in the coming presidential campaign, neither measure has much chance of passage during the present session of congress.

RAIDING QUARTET SWING TO DEATH

FOLLOWERS OF VILLA PAY THE LAST PENALTY ON SCAFFOLD FOR COLUMBUS CRIME

(By Associated Press.)
DEMING, N. M., June 30.—Four Villistas who took part in the Columbus raid were hanged in jail today. They were Eusebio Renteria, Taurino Garcia, Jose Rangel and Juan Castillo. All were calm and there was no disorder. A company of militia was held in readiness in case of trouble.

SPRECKELS' GIFTS TO SONS UPHELD

SUPREME COURT FINDS THAT WIFE RATIFIED ADVANCES OF \$25,000,000

SAN FRANCISCO, June 30.—The right of John D. Spreckels and Adolph Spreckels to keep the millions advanced to them during the lifetime of Claus Spreckels, their father, was affirmed by the State Supreme court. The decision upholds the order made by Superior Judge Seawell, who sustained a demurrer interposed against the complaint of Claus A. Spreckels, Rudolph Spreckels and their sister, Mrs. Emily C. Ferris. The opinion holds that Mrs. Anna Spreckels, wife of Claus Spreckels, ratified and confirmed the gifts of about \$25,000,000 made by her husband to John D. and Adolph Spreckels during her husband's life. Claus Spreckels died on December 26, 1908. All the property was community property. After giving the amounts to John D. and Adolph during the years 1896 to 1905 there was left about \$19,000,000, which he left to his wife and his three children, Rudolph, Claus A. and Emily.

2 p. m. 75 85
Relative humidity at 2 p. m. today, 14 per cent.

PERSHING LINE REMAINS OPEN

NO INTERRUPTION OF ARMY TRUCKS OR INTERFERENCE DUE TO HOSTILE BODIES

(By Associated Press.)
SAN ANTONIO, Tex., June 30.—Reports from Gen. Pershing today declare untrue the statement that Mexicans have interrupted his line of communication. Other advices contain no indication of hostility by Mexican troops.

The report arose from the fact that passengers passing through Columbus, N. M., yesterday morning stated that the line of communication between the border and Gen. Pershing's camp at Colonia Dublan had been out and that truck drivers on their way south sighted a band of Mexicans estimated at 2000 and were compelled to turn back.

A scouting expedition failed to find evidence that Mexicans are preparing to cut Pershing's line of communication. The garrison at Guzman has been increased by cavalry arriving from the south.

ROOSEVELT REGIMENT IS FILLING RAPIDLY

APPLICATIONS POURING IN FROM EVERY QUARTER WITH OFFERS OF COMPLETE EQUIPMENT

(By Associated Press.)
OYSTER BAY, June 30.—Applications for enlistment in the proposed volunteer division which Roosevelt is preparing to organize are very numerous. They come by wire and letter, with offers of equipment, and include everything from shoes to aeroplanes.

BILLY GORDON DIES SUDDENLY TODAY

ON RETIRING SAID HE NEVER FELT BETTER BUT SUCCEUMS AT 10 O'CLOCK

Billy Gordon, employed at the Northern saloon, died suddenly this morning at 10:30 in his room at the Northern rooming house. The deceased came to Tonopah from Walla Walla, Wash., about one year ago. It is reported that he leaves two sisters, one residing in Spokane, the other in Walla Walla.

Yesterday afternoon Gordon and a number of friends went to Alkali Springs. On coming out of the water the deceased complained of being weak and had to be assisted into an automobile to return to Tonopah. On retiring early this morning he said he never felt better. This forenoon, however, about 8:30 he showed signs of weakening and, becoming alarmed, three doctors were called, who could do nothing to relieve the dying man. Gordon was about 46 years old. He had been here a little over a year. Funeral arrangements have not been completed.

NEW YORK, June 30.—Hans Taucher, former German army officer, was acquitted by a jury on a charge of conspiracy to blow up the Welland canal with dynamite.

PUT ON THE LID ON TROOP NEWS

NO FURTHER REPORTS ABOUT MOBILIZATION ALLOWED TO GO OVER WIRES

(By Associated Press.)
WASHINGTON, June 30.—Secy. Baker announces that orders have been sent army department commanders to suppress all news relative to troop movements. He expresses himself satisfied with the progress of the mobilization of guardsmen.

The department legal experts hold that the recent resolution of congress applies to all guardsmen whether they take the federal oath or not. This permits the whole enrolled strength, upwards of 130,000, to be called to the colors without delay.

SLAVS SWEEP OVER GALICIA

TAKE OBERTINE, AN IMPORTANT TOWN, SHOWING ADVANCE OF FOURTEEN MILES

(By Associated Press.)
PETROGRAD, June 30.—The Russians have captured the town of Obertine, south of Dnieper, together with all villages north and south of there, the war office announced.

The capture of Obertine, which is 14 miles northeast of Kotoma, represents a further Russian gain in the new drive.

TRAIN MOVEMENTS ARE KEPT SECRET

LESS PUBLICITY WILL BE GIVEN TO THE DESTINATION OF NATIONAL GUARDS

(By Associated Press.)
SAN ANTONIO, Tex., June 30.—Information obtained by intelligence officers indicates that attempts to wreck troop trains might be made and for this reason no information was given out relative to the government's contracts.

Gen. Funston has been instructed by the secretary of war to exercise the utmost precaution in concealing the movement, destination and other details of the mobilization of guardsmen. Railroad managers have been requested not to publish the movements of trains.

AFTER THE WAR PLANS ARE LAID

LINE OF PROTECTION URGED BY BRITISH MANUFACTURERS TO DEVELOP TRADE

(By Associated Press.)
LONDON, June 30.—The latest plan for "after the war" trade protection was outlined at a recent meeting of one of the principal manufacturing concerns in the Midlands. British manufacturing interests are planning an association which will not organize until one hundred responsible firms join and agree to deposit \$5000 each. Many important industrial firms have already put their names down for membership and their aggregate capital totals \$450,000,000. The organization, which will probably be called the "Industrial Association," plans to mobilize commerce, exchange views, consult and decide

TAKING A REFERENDUM VOTE FOR REPUBLICAN CANDIDATES

(Special to the Bonanza.)

RENO, June 29.—Samuel Platt, Republican candidate for the United States senatorial nomination, last night sent the following letter to Frank H. Norcross and A. H. Howe, candidates for the same nomination: "Our respective candidacies for the nomination for United States senator before the next Republican State convention have been announced. In this contest I attribute to both of you the loftiest motives and an earnest desire to co-operate loyally for the success and welfare of the party in the state and nation. The rank and file of our party are entitled directly to choose their nominee for United States senator and, in order that their will may be fully and freely exercised, I propose to you the following

agreement: That a separate ballot be handed the voter at the Republican state primary election containing each of our names, so that the voter may designate thereon a choice for United States senator and that the delegates to the state convention vote for the candidate receiving the highest vote at the polls. Each senatorial candidate to share equally the additional expense for printing and preparing the ballots proposed (which shall follow the form of the approved Australian ballot under Nevada law). I further respectfully submit this proposition to any other Republican candidate for this office. Kindly advise me on or before July 5th of your acceptance or declination of this offer."

ALMOST FORGOTTEN SUSSEX REVIVED

MORE LETTER WRITING TO THE GERMAN GOVERNMENT, FORECAST BY WASHINGTON

(By Associated Press.)
WASHINGTON, June 30.—The United States is preparing to make a formal demand of Germany regarding the punishment inflicted on the submarine commander who admitted sinking the Sussex.

(By Associated Press.)
BERLIN, June 30.—Attacks by the British and French on the western front were repulsed by the Germans.

MARIAN'S DEATH PLACE DESCRIBED

CIVIL ENGINEER TESTIFIES THAT NO MURDERER WOULD HAVE CHOSEN THE SPOT

(By Associated Press.)
WAUKEGAN, Ill., June 30.—Testimony that the spot in Helm's woods, where Marian Lambert died, was in full view of the interurban station and therefore never would have been selected for a deliberately planned murder, was given by Gale Brooks, a civil engineer, at the Orpet trial. Meanwhile Orpet read letters of sympathy reaching him from all parts of the country. Brooks described the spot where the girl died with much detail.

BUILDING NEW FLUME

A carload of flume lumber for the Virginia & Gold Hill Water Co. arrived in this city yesterday, being the first of several cars on the way. The lumber is to be used in building new flume in this city and at the five-mile reservoir—Virginia Chronicle.

on a policy necessary to cope with "after war" trade conditions. The chairman of this particular meeting said that the country generally was caught napping in the matter of national and imperial security and safety and they were paying a pretty price for folly and refusal to face facts. It was therefore up to the trade of the country to be ready and prepared for the new world and new conditions which will have to be faced.

The new association will welcome from all sections of trade and hopes that all existing and kindred associations will be connected more or less with it in intimate relationship, while it may also be the means of bringing together into partnership, for mutual goods, capital and labor,

SMELTER TRUST SHOWS A PULL

GOVERNMENT RAILROAD AND STEAMSHIP LINE WORK AGAINST OWNERS

(By Associated Press.)
WASHINGTON, June 30.—The Interstate Commerce commission has ordered investigation of the Alaska railroad and steamship situation as the result of charges that the American Smelting & Refining and the Kennecott Copper companies are monopolizing the industry through favoritism.

BOAT BUILDING ADDED TO LOCAL INDUSTRIES

MINE SUPERINTENDENT SUPPLIES HIMSELF WITH A CAMPING OUTFIT

Thomas F. M. Fitzgerald, superintendent of the Tonopah Belmont mine, left by auto this morning for Silver Lake, Mono county, California, where he proposes to get back to nature by getting away from humanity for the next thirty days. He was accompanied by his wife and family and Miss Mary McQuillan. A motor truck held tents, etc., while in the rear trailed a regular motor two-wheel truck proudly bearing one of the finest moulded motor boats ever was designed for inland waters. The boat was framed in the shops of the Belmont and completed in the foundry of Campbell & Kelly, where the motor equipment was installed.

CHARLES HUBER, deputy state mine inspector, left for Carson City on this morning's train.
